Drake is already in the office.
He places his stick in the middle.
It slowly evaporates.
An unknown shape
arrived as scheduled.
Player 04 breathes unevenly.
His magma dior suit
massages his muscles.
Player 04 corrects his hairdo.
It turns violet,
then milky,
then tornado-like,
then it releases in glitter vibration.

The muffled sound of broken glass.
They both activate an intense gaze technique.
There is a moment of silence.

Leaf comes from the future.
It was enjoying a cigarette
when it was transferred to now.
In the future Leaf works at the door
of a night club.
With its stem it can make very funky kicks.
If needed.
But only in the future.
In the present its functions are not activated yet.
